Sustainability

SDGs, ESG, and GRC

SDGs are **global goals** set out by the United Nations

GRC

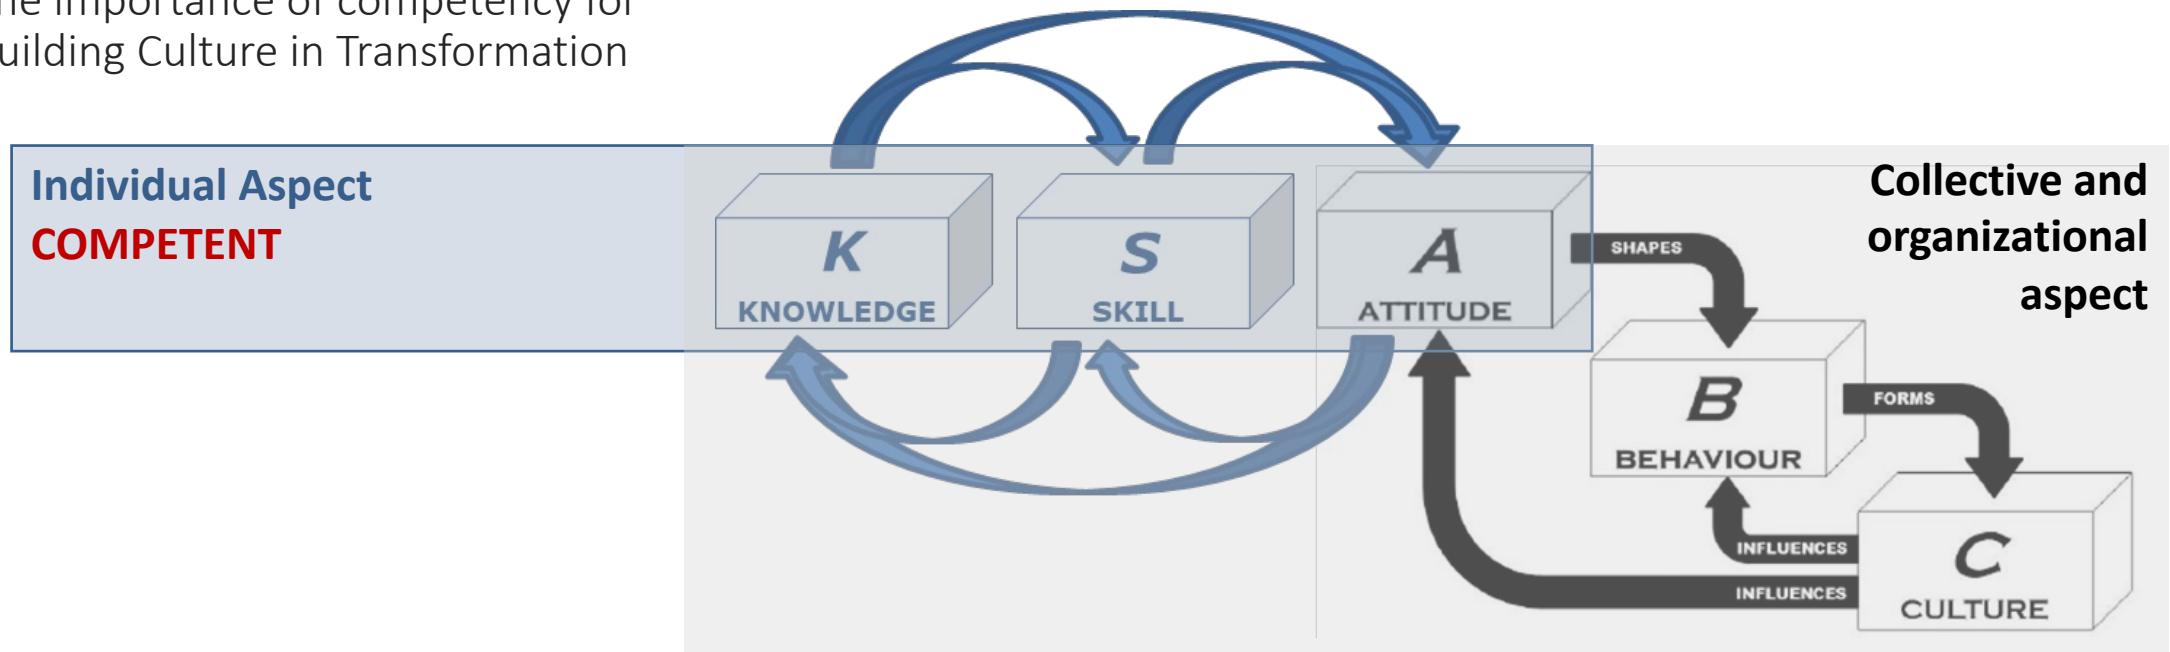

GRC is a **set of capabilities** to bring about such credentials into reality as the **base of measurement and reporting**

ESG is a **rating system** used by companies to measure their environmental, social, and governance **credentials**

Management Maturity Assessment

The mirror of capability and capacity

The importance of competency for Building Culture in Transformation

It needs to be supported by the Ecosystem Approach....
